

LOUGHBOROUGH BUILDING SOCIETY WINS MAJOR ACCOLADE

Loughborough Building Society has received the Best Local Building Society Award 2009 from the Mortgage Finance Gazette, a leading financial services publication.

The award is in recognition of The Loughborough's commitment to providing competitively priced, good value mortgage products. Societies are also judged on the overall service they provide to customers.

Caroline Joyce, operations directors at The Loughborough, says:

“We are honoured and delighted to have received such a prestigious award. To be named Best Local Building Society is a fantastic accolade and reflects the hard work and the dedication of the team here at The Loughborough.

“And this is not the only national award we've received during 2009,” adds Caroline. “Earlier this year The Loughborough won the Moneyfacts 'highly commended' award for Best Cash ISA provider. By continuing to pay close

attention to our products and services the Society has achieved these major awards in what have been very competitive and challenging trading conditions. They also confirm that as a local building society, The Loughborough has a very significant part to play in offering good value products and services and a real alternative for customers."

Loughborough Building Society has branches in Loughborough, Derby and Long Eaton. For more information please call 01509 610707 or visit www.theloughborough.co.uk
