Existing Loughborough Building Society Customers

If your clients move house, and the completion of the sale of your existing property and the purchase of your new property takes place on the same day, the early repayment charge will be waived, providing your clients take the new mortgage with the Society.

If your clients move house and there's a delay between the sale of their existing property and the purchase of their new property, the Early Repayment Charges (ERC) must be paid. However, if they take the new mortgage with the Society, the ERC will be refunded. This is providing that the application for the new mortgage is made no later than 3 months from the sale of their old property, and the completion of the new mortgage is no later than 6 months from the sale of their old property.

In both cases, if the new mortgage is less than the old mortgage, the ERC will be waived/refunded on the amount equivalent to the new (lower) mortgage balance. Additionally, for the new purchase, the mortgage application must meet our lending criteria at the time of application.
